Encounter Re:Built

Winds of Change - A Chance Encounter Bot

Author: KleuTSchi ft. ZupaBlahq
Status: Public

1) Required Gear

In this section you will find all details regarding the required gear for your heroes as well as the player character.

1.1) Heroes

Heroes are interchangeable with other heroes of the same class (Yes, you can even replace Razah with an Assassin hero).
However, this requires you to make adjustments to the #GLOBALS - HEROES & BUILDS# section in the "Encounter_Rebuilt.au3" file.

IMPORTANT: Do NOT change the order of the heroes as this will break hero skill functions.

1.1.1) Fire Ele - Acolyte Sousuke

Mainhand: 20/20 - Fire Magic Wand
Offhand: 20/20 - Fire Magic Focus
Head: Prismatic Insignia + Superior Fire Magic Rune
Body: Prismatic Insignia + Minor Air Magic Rune
Hand: Prismatic Insignia + Minor Energy Storage Rune
Leg: Prismatic Insignia + Vitae Rune
Feet: Prismatic Insignia + Superior Vigor Rune

1.1.2) Earth Ele - Vekk

Mainhand: 20/20 - Earth Magic Wand
Offhand: 20/20 - Earth Magic Focus
Head: Blessed Insignia + Superior Earth Magic Rune
Body: Blessed Insignia + Minor Energy Magic Rune
Hand: Blessed Insignia + Vitae Rune
Leg: Blessed Insignia + Vitae Rune
Feet: Blessed Insignia + Superior Vigor Rune

"OgBDgqyMSlVHR3C8CLg4CKDADA"

2.1.2) Earth Ele

“OgljkwMopOdVm22oHuK2x14UBA"

2.1.3) Trapper

"OggjclYsYSNHLHJHKHchYOIHCAA"

2.1.4) Prot Mesmer

"OQNDAowvOqkcw0z0NEEcaRBA"

2.1.5) SoS Resto

"OAejEyiM5QXTYMdOTMSTdiVPciA"

2.1.6) BiP Resto

"OAhjQoGYIP3BqdVV4JNncDzxJA"

2.1.7) ST

"OAmjAyk85QYTWPPOhTOTkTQTfiA"

2.2) Player

2.2.1) Warrior

"OQojQhV6KT4k9F8E7gUiEY5iwF"

2.2.2) Ranger

"OgEUcDqWV8S4k9F8E7gUi+G5iMH"

2.2.3) Monk

"OwEUAj2S1qS4k9F8E7gUigE5iwF"

2.2.4) Necromancer

"OAFUYCqWVyS4k9F8E7gUizB5iwF"

2.2.5) Mesmer

"OQFUAixS1qS4k9F8E7gUioA5iwF"

2.2.6) Elementalist

"OgFUwi1S1qS4k9F8E7gUitT5iwF"

2.2.7) Assassin

"OwFkQpV63OG0dZfBPxOYDkLTuIcB"

2.2.8) Ritualist

"OAGkQGhLlWpEOZfBPxOIlo0UuIcB"

2.2.9) Paragon

"OQGjgOUcFT4k9F8E7gUiBA5iwF"

2.2.10) Dervish

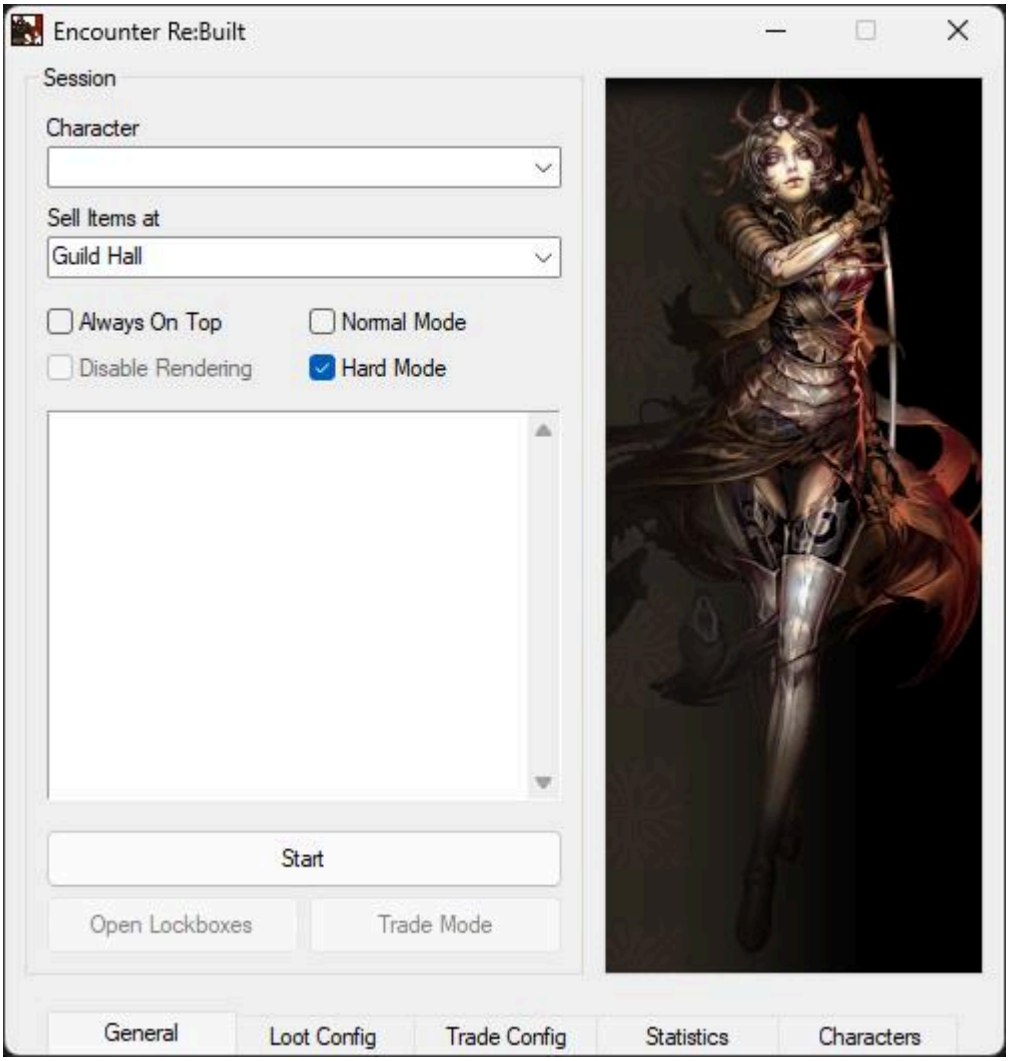

"OgGlwWrJlWpqFhT2XwTsDSJSglL29B"

3) GUI

In this section you will find all details regarding the function of all the UI elements. The default settings can be adjusted via “Encounter Rebuilt\Config\settings.ini”.

3.1) General tab

Contains basic settings to initially start the bot as well as the log console.

3.1.1) Session

Determines initial runtime settings such as the selected character, inventory management location, difficulty and rendering state.

3.1.1.1) Character - Dropdown

Dropdown of all characters registered in the "Characters" tab.
The display order can be changed by adjusting the “CharSorting” setting via “Encounter Rebuilt\Config\settings.ini”.
The options are Unsorted (the order the characters were added in), Alphabetically Ascending and Alphabetically Descending (Default = Alphabetically Ascending).

3.1.1.2) Sell Items at - Dropdown

Select the location for inventory management. Supports all "Guild Halls" and "Kaineng Center" by default.

3.1.1.3) Always On Top - Checkbox

Toggles whether the script window should always be the topmost window

3.1.1.4) Disable Rendering - Checkbox

Toggles the rendering state of the Guild Wars window

3.1.1.5) Normal Mode - Checkbox

Sets the desired game mode to Normal Mode, de-selects "Hard Mode"

3.1.1.6) Hard Mode - Checkbox

Sets the desired game mode to Hard Mode, de-selects "Normal Mode"

3.1.1.7) Start/Pause/Resume - Button

Starts/Pauses/Resumes the bot.

3.1.1.8) Open Lockboxes - Button

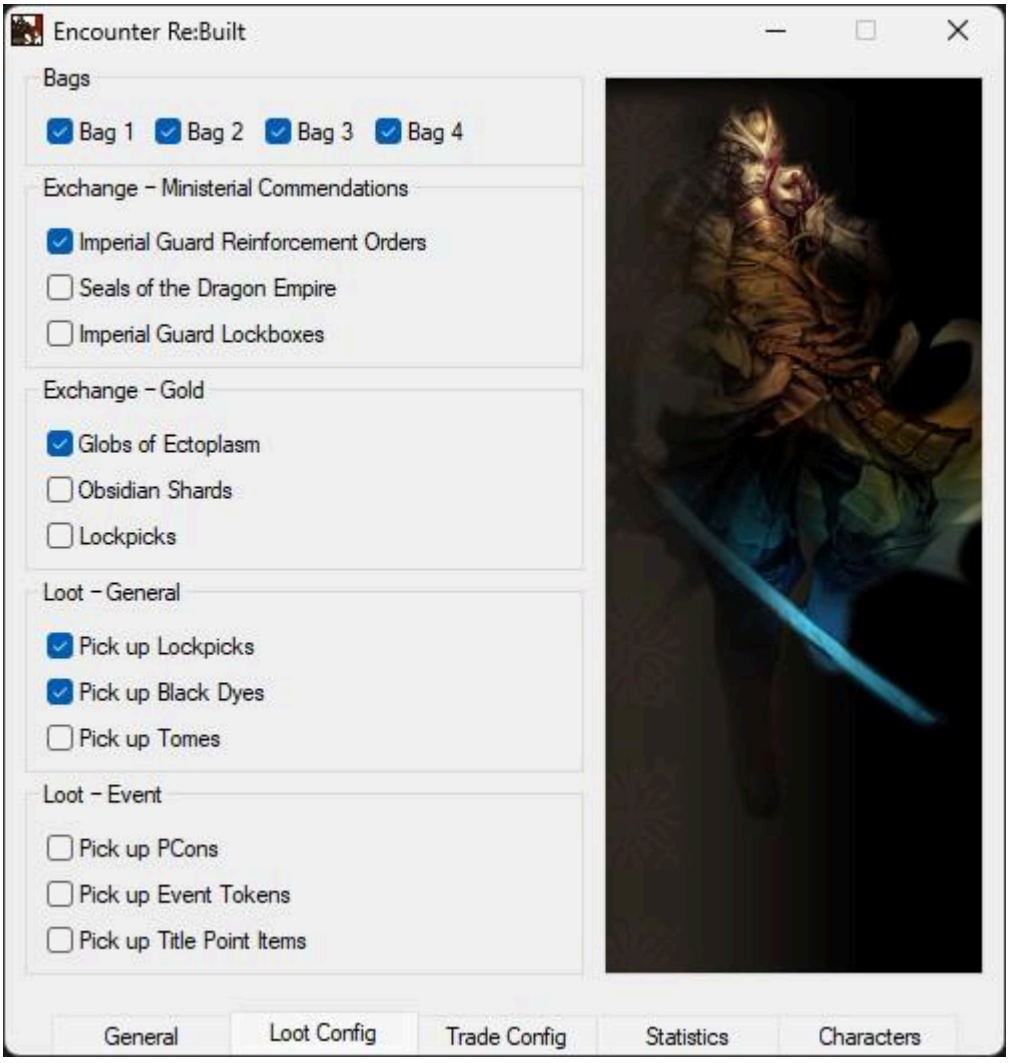

Only available while the bot is paused. Opens available Imperial Guard Lockboxes while only keeping valuable items

3.1.1.9) Trade Mode - Button

Only available while the bot is paused. Enters "Trade Mode" automatically trading all items that have been selected in the "Trade Config" tab to the person that initiates a trade. The bot expects at least 1 Gold or 1 Item as a counter offer. This function is only available if the "Sell Items at" location is "Guild Hall".

3.2) Loot Config tab

Contains all settings related to automatic item/gold exchange as well as item pickup. The default settings can be adjusted via “Encounter Rebuilt\Config\settings.ini”.

3.2.1) Bags

Determines which bags should be considered when selling items.

3.2.1.1) Bag 1 - Checkbox

Determines whether "Bagpack" should be used when selling items.

3.2.1.2) Bag 2 - Checkbox

Determines whether "Belt Pouch" should be used when selling items.

3.2.1.3) Bag 3 - Checkbox

Determines whether "Bag 1" should be used when selling items.

3.2.1.4) Bag 4 - Checkbox

Determines whether "Bag 2" should be used when selling items.

3.2.2) Exchange - Ministerial Commendations

Determines the desired item for automatic exchange of Ministerial Commendations. Only one option can be selected.

3.2.2.1) Imperial Guard Reinforcement Orders - Checkbox

Sets the item for automatic Ministerial Commendation exchange to "Imperial Guard Reinforcement Orders". De-selects the other options.

3.2.2.2) Seals of the Dragon Empire - Checkbox

Sets the item for automatic Ministerial Commendation exchange to "Seals of the Dragon Empire". De-selects the other options.

3.2.2.3) Imperial Guard Lockboxes - Checkbox

Sets the item for automatic Ministerial Commendation exchange to "Imperial Guard Lockboxes". De-selects the other options.

3.2.3) Exchange - Gold

Determines the desired item for automatic exchange of Gold. Only one option can be selected.

3.2.3.1) Globs of Ectoplasm - Checkbox

Sets the item for automatic Gold exchange to "Globs of Ectoplasm". De-selects the other options.

3.2.3.2) Obsidian Shards - Checkbox

Sets the item for automatic Gold exchange to "Obsidian Shards". De-selects the other options.

3.2.3.3) Lockpicks - Checkbox

Sets the item for automatic Gold exchange to "Lockpicks". De-selects the other options.

3.2.4) Loot - General

Determines generic loot pick up rules.

3.2.4.1) Pick up Lockpicks - Checkbox

Determines whether "Lockpicks" should be picked up.

3.2.4.2) Pick up Black Dyes - Checkbox

Determines whether "Black Dyes" should be picked up.

3.2.4.3) Pick up Tomes - Checkbox

Determines whether "Tomes" should be picked up.

3.2.5) Loot - Event

Determines event-specific loot pick up rules.

3.2.5.1) Pick up PCons - Checkbox

Selects whether "PCons" (i.e. Golden Eggs, Pumpkin Pie, etc.) should be picked up.

3.2.5.2) Pick up Event Tokens - Checkbox

The default settings can be adjusted via “Encounter Rebuilt\Config\settings.ini”.

3.3.1) Trade – WoC Items

Determines which WoC-related items should be automatically traded.

3.3.1.1) Imperial Guard Reinforcement Orders – Checkbox

Determines whether "Imperial Guard Reinforcement Orders" should be automatically traded.

3.3.1.2) Seals of the Dragon Empire – Checkbox

Determines whether "Seals of the Dragon Empire" should be automatically traded.

3.3.1.3) Tengu Support Flares – Checkbox

Determines whether "Tengu Support Flares" should be automatically traded.

3.3.1.4) Ministerial Commendations - Checkbox

Determines whether "Ministerial Commendations" should be automatically traded.

3.3.2) Trade - General Items

Determines which general items should be automatically traded.

3.3.2.1) Globs of Ectoplasm - Checkbox

Determines whether "Globs of Ectoplasm" should be automatically traded.

3.3.2.2) Obsidian Shards - Checkbox

Determines whether "Obsidian Shards" should be automatically traded.

3.3.2.3) Lockpicks - Checkbox

Determines whether "Lockpicks" should be automatically traded.

3.3.2.4) Black Dyes - Checkbox

Determines whether "Black Dyes" should be automatically traded.

3.3.2.5) Tomes - Checkbox

Determines whether "Tomes" should be automatically traded.

3.3.2.6) PCons - Checkbox

Determines whether "PCons" (i.e. Golden Eggs, Pumpkin Pie, etc.) should be automatically traded.

3.3.2.7) Event Tokens - Checkbox

Determines whether "Event Tokens" (i.e. ToT-Bags, Victory Tokens, etc.) should be automatically traded.

3.3.2.8) Battle Isle Iced Tea - Checkbox

Determines whether "Battle Isle Iced Tea" should be automatically traded.

3.3.2.9) Delicious Cakes - Checkbox

Determines whether "Delicious Cakes" should be automatically traded.

3.3.2.10) Party Beacons - Checkbox

Determines whether "Party Beacons" should be automatically traded.

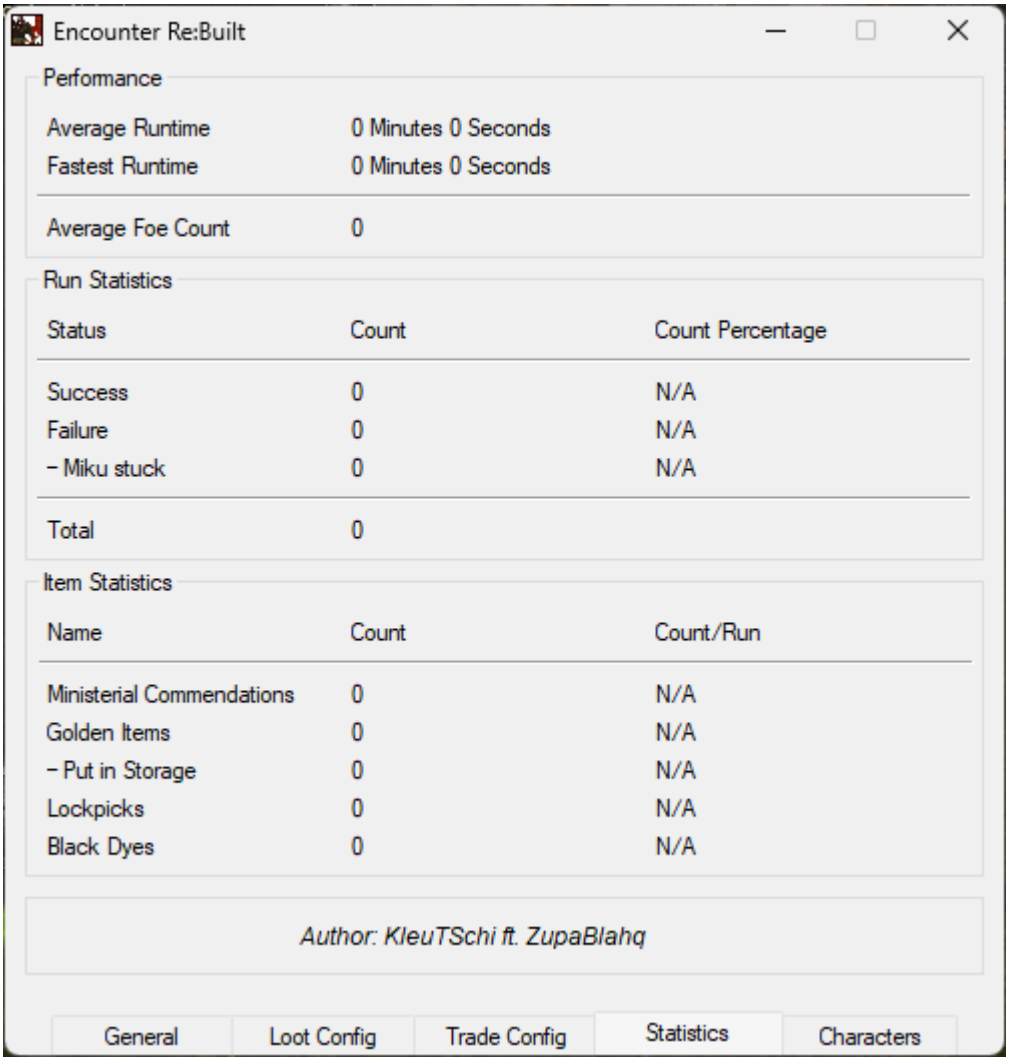

3.3.2.11) Other Title Point Items - Checkbox

Determines whether "Other Title Point Items" (i.e. Bottle Rockets, Fruitcakes, etc.) should be automatically traded.

3.4) Statistics tab

Contains various information in regards to the bots performance and items that have been picked up/stored away.

Somewhere in this tab you might find a hidden special surprise.

3.4.1) Performance

Statistics detailing runtime information and the average amount of foes that are slain during the spike.

3.4.2) Run Statistics

Statistics detailing Success/Failure information.

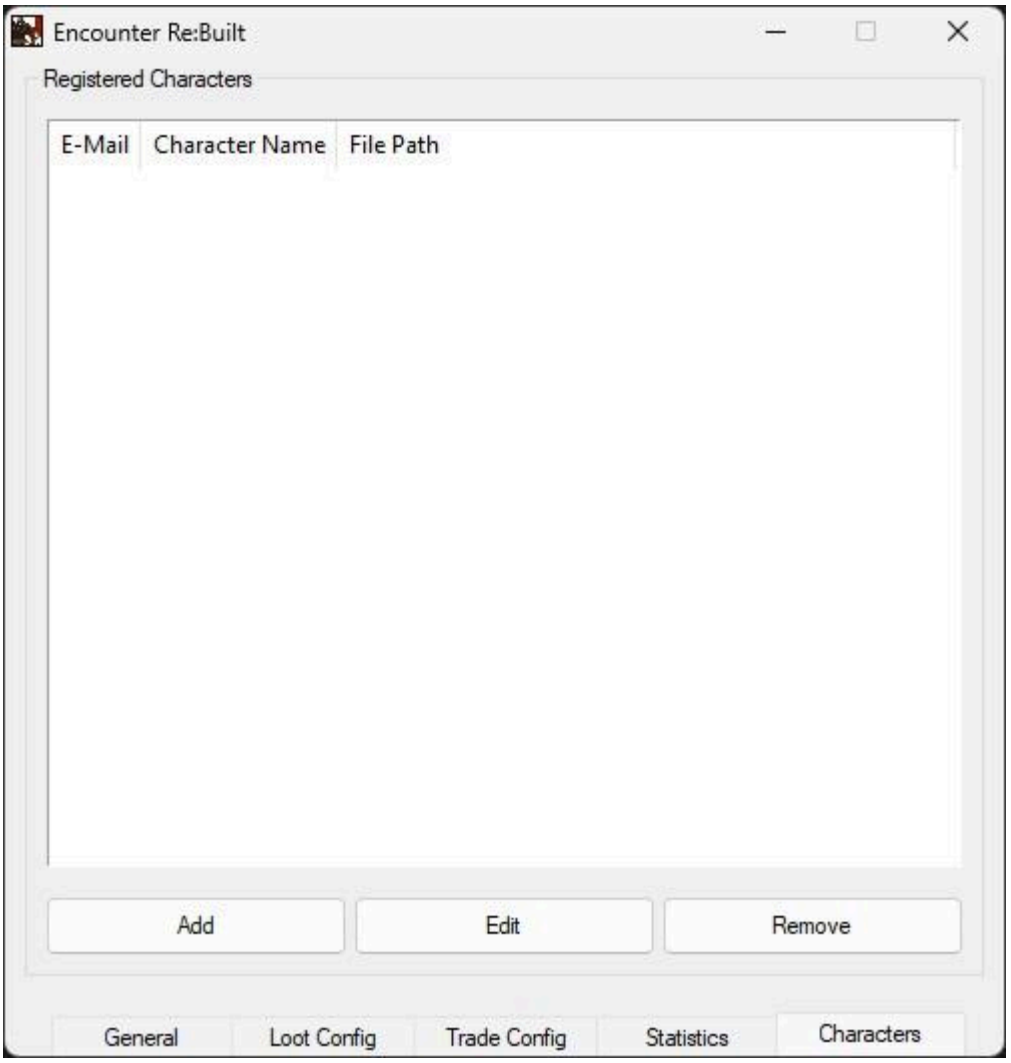

3.4.3) Item Statistics:

Statistics detailing picked up items as well as items that met the filter criteria to be stored away.

3.5) Characters tab
